Report of Principal and School Improvement Council

This year, Busbee Creative Arts Academy strengthened its mission statement. As a faculty, we collectively agreed to the following mission statement: "Cyril B. Busbee Creative Arts Academy, in partnership with the community, will provide opportunities for all students to develop their strengths and talents, in a safe and innovative environment, so they will become responsible, productive, lifelong learners through an arts enriched education." We also developed and agreed upon a set of collective vision statements that will guide us in reaching our vision. These collective vision statements define what we, as administrators and faculty, want to become so that our students become responsible, productive, life-long learners.

Lexington School District Two was the recipient of an Enhancing Education Through Technology grant, which greatly benefited Busbee. This grant allowed an Apple ITouch to be purchased for every student and teacher. In addition, each teacher received an Apple MacBook and intensive training on how to incorporate the ITouch into the classroom. To complete the technological needs of the classroom, SmartBoards were purchased for every classroom. Through the use of this technology, Busbee moves closer in achieving the school's mission.

Along with our School Improvement Council, we monitored student progress and improvement. Students who did not meet state standards on the PASS Test in reading and/or math were assigned to the Academic Lab for remediation with the Classworks program.

We continue to recognize that students need to be in a class to learn. In order to reduce the amount of time students spend out of the classroom for discipline, the faculty initiated a proactive behavioral intervention system to assist the students in monitoring their own behavior.

Busbee Creative Arts Academy continues to strive and develop better ways to improve our students' academic progress and preparation for high school. We will continue to use data from MAP Testing, PASS Testing, End of Course Tests, parent surveys, and student perception surveys to drive our instructional focus.
